

398 - SPECIALTY ANTI-SPATTER

Water Based Robotic Anti-Spatter - Protectant

A safe and environmentally friendly alternative to solvent based robotic anti-spatter for use in automatic injection systems. Formulated to protect robotic nozzles and contact tips from spatter build-up during welding operations. Will not damage most gaskets, seals or reservoirs. Use in accordance with robotic torch manufacturer's recommendations. Ready to use.

Biodegradable

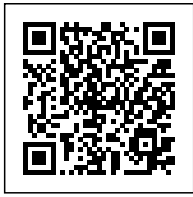

Non-Flammable

Non-Toxic

Silicone Free
