

Section 1 – Identification

Product Identifier

CFA Crack Check CF Cleaner (Aerosol)

Other Means of Identification

CF A

Recommended Use of the Chemical and Restrictions on Use

See label.

Responsible Party

Dynaflux, Inc.
241 Brown Farm Rd., Cartersville, GA 30120
1.800.334.4420

Emergency Phone Number

Call Chem-Tel at 1.800.255.3924 for chemical emergencies.

Section 2 – Hazard Classification

Classification of the Chemical

Aerosol, category 1
Aspiration Hazard, category 1
STOT-Repeated Exposure, category 1

Hazard Statement(s)

Extremely flammable aerosol.
Pressurized container: may burst if heated.
May be fatal if swallowed and enters airways.
Causes damage to organs through prolonged or repeated exposure.

Signal Word

Danger

Pictograms

0% of this mixture consists of ingredient(s) of unknown acute toxicity.

Precautionary Statement(s)

Keep away from heat, sparks, open flames, hot surfaces and other ignition sources. No smoking.
Do not spray on an open flame or other ignition source.
Do not pierce or burn, even after use.
Do not breathe spray.
Wash hands thoroughly after handling.
Do not eat, drink or smoke when using this product.
Get medical advice if you feel unwell.
Protect from sunlight.
Do not expose to temperatures exceeding 122°F.
Dispose of container to recyclables when completely emptied.
Keep out of the reach of children.

IF SWALLOWED: Immediately call a poison control center.
Do NOT induce vomiting.

Hazards Not Otherwise Classified

None Known

Note

Labeling elements found on this SDS may be different from labeling elements found on the label. Labels may be regulated by a different government agency. Please contact the responsible party in Section 1 if you have any questions.

Section 3 – Information on Ingredients

Hazardous Ingredients

Ingredient

CAS

%wt Hazards

Aliphatic petroleum distillates	8052-41-3	50-100	Flam. Lq. 3; STOT-RE 1; Asp Tox. 1;
Solvent naphtha (petroleum), medium aliph.	64742-88-7	50-100	STOT-RE 1; Asp Tox. 1;
Propane	74-98-6	10-20	Flam. Gas 1; Gas Under Pressure

Trade Secret Claim

When applicable, the specific concentration of each hazardous ingredient is considered a TRADE SECRET. Chemical names and identifiers will be listed in exact composition weight and name when not subject to trade secret exemptions.

Note

This product may contain other ingredients that are not required to be disclosed on this safety data sheet or product label in accordance hazard communication standards. Any ingredient not listed on either the SDS or label is not considered hazardous to health and shouldn't pose a risk to the user.

Section 4 – First Aid Measures

General First Aid Measures

If medical attention is required then provide product label or safety data sheet to a medical professional.

If Inhaled

Move person to fresh air and keep comfortable for breathing. Administer artificial respiration if person is not breathing.

If on Skin

Wash with soap and water. Take off contaminated clothing and launder with detergent before reuse.

Most Important Symptoms

None known.

Seek Immediate Medical Attention:

Seek immediate medical attention if swallowed as aspiration may be fatal!

If Swallowed

Do NOT induce vomiting unless instructed to do so by a trained medical professional. Rinse mouth with water.

If in Eyes

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Rinse for at least 10 minutes to ensure proper flushing of material from eye.

Section 5 – Fire-Fighting Measures

Suitable Extinguishing Media

Water, carbon dioxide, sand, powder extinguisher, dry chemical.

Specific Hazards Arising from the Chemical

None known.

Unsuitable Extinguishing Media

None known.

Special Protective Equipment & Precautions for Fire-Fighters

Not determined.

Section 6 – Accidental Release Measure

Personal Precautions

Ensure that the environment is physically safe to be in. Wear personal protective equipment before remedying an accidental release of mixture.

Protective Equipment

Wear gloves suitable for chemical resistance. Wear protective eyeglasses/goggles. In the event of inadequate air ventilation use artificial breathing apparatuses

Emergency Procedures

Evacuate all non-essential personnel from the area. Shut off all sources of ignition. Ensure that all drains are covered to prevent environmental exposure. Do not touch or walk through spilled material.

Methods for Containment

Cover drains and ventilate area to prevent vapor build-up. Use sand or other absorbent material to create a barrier to prevent chemical flow.

Methods for Clean Up

Small spill: Soak up with absorbent material, i.e. kitty litter, clay or dirt. Sweep up and place in a labeled closed container.

Large spill: Keep unauthorized people from the area. Use self-contained breathing apparatus. Hike area and pump contents to a labeled, closed container. Absorb residue and sweep up. Place in a closed, labeled container. Remove all ignition sources.

References

See Section 7 on safe handling. Section 8 for information on personal protection equipment. See Section 13 for disposal information.

Section 7 – Handling and Storage

Precautions for Safe Handling

Keep away from all ignition sources. Do not smoke while handling.

Storage Incompatibilities

None known.

Section 8 – Exposure Controls

Permissible Exposure Limits

Ingredient	CAS
Aliphatic petroleum distillates	8052-41-3
Solvent naphtha (petroleum), medium aliph.	64742-88-7

General Note

Practice good industrial hygiene by washing hands thoroughly before and after use. Keep working areas clean. Ensure proper use of personal protective equipment as recommended in this section.

Appropriate Engineering Controls

Ensure adequate mechanical ventilation capable of preventing vapor build up.

Eye & Face Protection

Eye glasses or goggles are recommended when using this product. Eye protection should fit user as to minimize risk of exposure as much as possible. Eye protection should protect against splash back and aerosolized mists which may affect eyes.

Conditions for Safe Storage

Store in all original containers/packaging as product label contains important information regarding proper use of chemical. Store appropriate to NFPA ratings found in Section 15 of this SDS.

OSHA PEL	AGCIH TLV
n/a	n/a
n/a	n/a

Skin Protection

Wear long sleeves and pants to minimize exposure to skin. Wear protective gloves when using this product. Gloves should be chemically resistant to the material. Launder contaminated clothing before reuse. Wear an apron if usage of chemical is anticipated to expose user to a large quantity of material.

Respiratory Protection

Mechanical ventilation is often sufficient for ensuring respiratory systems are better protected against exposure to material; however, should it be determined that material exposure limits are being concentrated as vapors then local ventilation should be utilized. If vapors exceed TLV use an approved respirator.

Environmental Protection

No anticipated protective equipment is required.

Section 9 – Chemical Properties

STATE	Liquid, aerosol
COLOR	Clear
ODOR	Not determined
MELTING POINT	Not determined
BOILING POINT	Not determined
FLAMMABILITY	>85% flammable components
EXPLOSIVE LIMIT	
Upper	Not determined
Lower	Not determined
FLASH POINT	Not determined

pH	Not determined
KINEMATIC VISCOSITY	Not determined
SOLUBILITY	Not soluble
VAPOR PRESSURE	Not determined
RELATIVE DENSITY	0.745
VAPOR DENSITY	Not determined
AUTO-IGNITION TEMP	Not determined
DECOMPOSITION TEMP	Not determined
PARTITION COEFFICIENT	Not determined
PARTICLE CHARACTERISTICS	Not determined

Section 10 – Stability and Reactivity

Reactivity

Material is not anticipated to be reactive

Chemical Stability

Material is anticipated to be stable in normal storage conditions.

Conditions to Avoid

Heat, sources of ignition, direct sunlight, etc.

Incompatible Materials

None known.

Possibility of Hazardous Reactions

None known.

Hazardous Decomposition Products

Not determined.

Section 11 – Toxicological Information

ACUTE TOXICITY ESTIMATES

Oral – No toxic ingredients.

Dermal – No toxic ingredients.

Inhalation – No toxic ingredients.

SKIN EXPOSURE

Not expected to cause skin irritation.

Not expected to cause an allergic skin reaction.

Not considered toxic to dermal exposure.

INTERACTIVE EFFECTS

None known.

INHALATION EXPOSURE

Not expected to cause respiratory irritation.

Not expected to cause a respiratory allergic reaction.

Not considered toxic to inhalation exposure.

INGESTION EXPOSURE

Not considered an aspiration hazard.

REPRODUCTIVE TOXICITY

Not expected to cause germ cell mutations.

Not considered toxic to reproduction.

OTHER TOXICITY

Not expected to cause drowsiness or dizziness.

EYE EXPOSURE

Not expected to cause eye irritation.

CARCINOGENICITY

Not suspected of causing cancer.

National Toxicity Listing: None listed

International Agency for Research on Cancer Listing: None listed.

Section 12 – Ecological Information

Ecotoxicity Estimated Values

Algae No toxic ingredients.

Fish No toxic ingredients.

Crustacea No toxic ingredients.

Mobility in Soil

Not determined.

Other Adverse Effects

Keep out of sewers and waterways.

Bioaccumulative Potential

Not determined.

Persistence and Degradability

Not biodegradable.

Section 13 – Disposal Consideration

Disposal of Empty Containers

Empty container can be recycled.

Disposal of Material

Dispose of full or partially full containers by offering material to a licensed waste management company and follow all local regulations on proper disposal of material.

Section 14 – Transportation Information

Hazard Placards

UN Number

UN Shipping Name

UN Technical Name

Hazard Class

Packaging group

Limited Quantity

Marine Pollutant

Transport in Bulk

Special Precautions

1950

Aerosol, flammable, not in excess of 1 liter

-

2.1 Flammable Gas

-

<1L

No

Not determined

Keep in original container. Do not store excessive weight on top.

Section 15 – Regulatory Information

TSCA Inventory List All ingredients in this mixture are on the TSCA inventory list as active or exempt.

California Prop 65

No ingredients listed.

VOC (CARB/OTC/CEPA/ETC)

Product Category	Not applicable
VOC Limit	Not applicable

HMIS®III (higher numbers indicate higher risk)

Health	3
Flammability	4
Physical Hazard	2

NFPA (higher numbers indicate higher risk)
