

393 - CONCENTRATED NON-TOXIC INDUSTRIAL CLEANER

Industrial Grade All Purpose Cleaner is our original concentrated formula excellent for gas cylinders, trucks, machinery and equipment. Water dilution ratios and applications: 1:10 for gas cylinders, gas and diesel engines and concrete floors; 1:20 for stainless steel and aluminum. Can be diluted to a ratio up to 1:30 water for milder applications. Industrial Grade All Purpose Cleaner rinses easily without leaving a soapy film residue, is non-flammable and biodegradable.
