

405-PREMIUM ANTI SPATTER AND NOZZLE SHIELD

405 Premium Anti-Spatter and Nozzle Shield is a safe, water-based solution designed to meet the latest EPA standards. Its silicone-free formula effectively prevents weld spatter from adhering to nozzles, contact tips, accessories, and metal surfaces to be joined. Compatible with paints and coatings, and completely non-flammable, this product ensures both safety and performance. The aerosol version features a convenient omni-directional spray, allowing it to dispense upside down while delivering 100% of its contents.
